Police find secret cigarette factory 4m underground

den by a cargo container. Europol said factory had a complete production line and produced 3,500 cigarettes an hour.

Police have dismantled what they say is the EU's first clandestine underground cigarette factory — 4 metres under a horse stable in Spain. Spanish police and Europol said on Thursday 20 people from UK, Ukraine and Lithuania were arrested. Europol said beds and living quarters for the workers were found in the bunker in Malaga province. Access to the plant, operating since 2019, was hid-
